

OUR BIGGEST ZAPPA RACING FAN

Mick Ludeke is a special guy. At an early age, his love of racing has lead him to build his own racetrack since he is too young to drive.

He has built, with some help from Dad, replicas of the Zappa Racing cars. The GT-40, MGB, and in the future a TVR Tuscan — all painted the Zappa Racing Black & Gold.

Mick will be officially inducted as a lifetime member of the Zappa Racing Team at the Mid-Ohio Race this year, we are proud to have Mick as “one of the guys!”

Please enjoy photos of Mick’s handiwork.
